“Pastels that glide across a textured page like lipstick...”

-Suzanne Bloom-

LINO CUTS, PAPER MAKING, and PASTEL PAINTING

are on the agenda this year! Yay! Along with several exciting painting techniques and creating a collage character from magazine cut-outs. Several award winning artists will be visiting us via Skype in the evenings. Hurrah! We will also be channeling a famous woman artist of the past. Surprise! It will be a weekend of media exploration, excitement, and just plain fun. Make new friends and eat great food! The cheese is delicious—we've met the cows! If you want to share your work or book idea please bring it along. We will be happy to just admire or critique.

**Everyone is welcome, teachers, librarians, artists, and art lovers!
NO previous art experience necessary! We give hugs.!**

Total Cost: \$995 Includes transportation from the airport, lodging, all meals, unlimited snacks, and wireless Internet access.

All the ice cream you can eat!
